

Since the fall of 1977, I have been a part of Central Christian Academy. From its humble inception in 1973 to now, CCA has been an affordable alternative to public school and homeschoolers.

I have witnessed many changes throughout the years, but one thing has remained constant: Jesus Christ. From Pre-K through 12th grade, the consistent message of Jesus' death, burial, and resurrection is presented alongside math, science, p.e., English, and social studies. Our goal is to stress and nurture responsibility, accountability, and a good work ethic. In so doing, we hope this produces good citizens who will cherish honesty and integrity, work hard, pay their bills, provide for their families, be good neighbors, and love and honor God.

Cathi and I love Central Christian Academy and all the serving opportunities God has placed in our midst.

Sincerely,

A handwritten signature in black ink that reads "Scott T. Jacobs". The signature is written in a cursive style with a large, prominent "S" at the beginning.

Scott T. Jacobs

Administrator/Principal
